

Federal Emergency Management Agency, DHS

§ 352.28

keep affected State and local governments informed of actions taken.

(Approval by the OMB under control number 3067-0201)

§ 352.25 Limitation on committing Federal facilities and resources for emergency preparedness.

(a) The commitment of Federal facilities and resources will be made through the authority of the affected Federal agencies.

(b) In implementing a determination under subpart A (44 CFR 352.6(d)), that Federal facilities and resources are necessary for emergency preparedness, FEMA shall take care not to supplant State and local resources. Federal facilities and resources shall be substituted for those of the State and local governments in the licensee offsite emergency response plan only to the extent necessary to compensate for the nonparticipation or inadequate participation of those governments, and only as a last resort after consultation with the Governor(s) and responsible local officials in the affected area(s) regarding State and local participation.

(c) All Federal planning activities described in this subpart will be conducted under the assumption that, in the event of an actual radiological emergency or disaster, State and local authorities would contribute their full resources and exercise their authorities in accordance with their duties to protect the public from harm and would act, generally, in conformity with the licensee's offsite emergency response plan.

§ 352.26 Arrangements for Federal response in the licensee offsite emergency response plan.

Federal agencies may be called upon to assist the licensee in developing a licensee offsite emergency response plan in areas such as:

(a) Arrangements for use of Federal facilities and resources for response functions such as:

(1) Prompt notification of the emergency to the public;

(2) Assisting in any necessary evacuation;

(3) Providing reception centers or shelters and related facilities and services for evacuees;

(4) Providing emergency medical services at Federal hospitals; and

(5) Ensuring the creation and maintenance of channels of communication from commercial nuclear power plant licensees to State and local governments and to surrounding members of the public.

(b) Arrangements for transferring response functions to State and local governments during the response in an actual emergency; and

(c) Arrangements which may be necessary for FEMA coordination of the response of other Federal agencies.

§ 352.27 Federal role in the emergency response.

In addition to the Federal component of the licensee offsite emergency response plan described in subpart B (§ 352.26), and after complying with E.O. 12657, Section 2(b)(2), which states that FEMA:

(2) Shall take care not to supplant State and local resources and that FEMA shall substitute its own resources for those of State and local governments only to the extent necessary to compensate for the nonparticipation or inadequate participation of those governments, and only as a last resort after appropriate consultation with the Governors and responsible local officials in the affected area regarding State and local participation;

FEMA shall provide for initial Federal response activities, including command and control of the offsite response, as may be needed. Any Federal response role, undertaken pursuant to this section, shall be transferred to State and local governments as soon as feasible after the onset of an actual emergency.

§ 352.28 Reimbursement.

In accordance with Executive Order 12657, Section 6(d), and to the extent permitted by law, FEMA will coordinate full reimbursement, either jointly or severally, to the agencies performing services or furnishing resources, from any affected licensee and from any affected nonparticipating or inadequately participating State or local government.
